B.N.M College, 2021

Percentage: 76%

10th – CBSE Board

D.A.V Public School, 2019

Percentage: 66%

Internship

Frontend Developer Intern

Codules Technologies Pvt. Ltd. – Greater Noida

Aug 2024 – Sep 2024

- Developed the frontend of "Find My Doctor" web app using HTML5, CSS3, JavaScript, and Bootstrap.
- Built user-friendly UI components for doctor search, appointment booking, and profile views.
- Collaborated with the senior project manager and contributed to real-world healthcare solutions.
- Ensured responsive design and cross-browser compatibility across all key features.

Full Stack Developer Intern

Rnpsoft Pvt. Ltd. – Bhubaneswar

Mar 2025 – Jun 2025

- Contributed to end-to-end development of web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Designed responsive frontend interfaces and implemented dynamic UI components using React.js and Bootstrap.
- Built RESTful APIs using Node.js and Express.js to support real-time data interaction with MongoDB.
- Integrated backend services with frontend for seamless user experiences across devices.
- Collaborated in Agile development cycles, used Git/GitHub for version control and project collaboration.

Projects

StayYatra – Property Rental Platform

GitHub Repository

Tech Stack: Node.js, Express.js, MongoDB, JavaScript

- Built a full-stack Airbnb-like platform with features like authentication, property CRUD, reviews, image uploads, and search filters.
- Used MVC architecture and RESTful APIs with MongoDB Atlas integration for cloud storage.

Mockify – AI Interview Simulator

GitHub Repository

Tech Stack: Node.js, Express.js, MongoDB, Web Speech API

- Developed an AI-powered platform for practicing interviews with real-time voice questions and speech recognition.
- Enabled PDF downloads of conversation, camera usage, and topic-wise simulation for candidate feedback.
